# VISION & MISSION

## Vision

Gro Cell Healthcare envisions leading the global revolution in health and vitality through innovative solutions. Committed to pioneering cutting-edge stem cell technology, we strive to empower individuals for enhanced well-being and prosperity, setting new standards in wellness for generations to come.

## Mission

Gro Cell Healthcare 's mission is to revolutionize wellness by harnessing cutting-edge stem cell technology. Committed to empowering individuals, we strive to deliver innovative products that promote health, vitality, and prosperity. Through our dedication to excellence, we aim to redefine the standards of well-being for generations to come.

## Gro Cell Healthcare's **Gro Cell**

***Gro-CELL is a blend of synergistic ingredients work in harmony to facilitate optimal cell renewal, repair damaged tissues, and promote overall wellness and vitality, making our product a comprehensive solution for skin rejuvenation and health.***

# APPLE STEM CELL

PhytoCellTec™ Md Nu is a powder preparation based on cultivated apple fruit stem cells, produced by a breakthrough sustainable in-house developed technology.

Own clinical results demonstrate a strong positive effect on skin density and elasticity. This makes PhytoCellTec™ Md Nu the perfect ingredient for beauty-from-within and anti-aging products for nutraceuticals, food supplements and functional foods.

Apple stem cells are derived from the buds of apples, recognized for their durability and ability to thrive in challenging environmental conditions.

## Benefits:

- Apple stem cells contain epigenetic factors and metabolites that support the renewal and vitality of skin cells.
- They help improve the appearance of fine lines, wrinkles, and sagging skin by stimulating cell turnover and collagen production.
- Additionally, apple stem cells protect the skin from environmental stressors, such as UV radiation and pollution, thereby promoting a more youthful and radiant complexion.

# RED GRAPES STEM CELL

PhytoCellTec™ Solar Vitis is a skincare ingredient derived from stem cells of a rare grape cultivar. It works synergistically with UV filters to provide enhanced protection against UV radiation.

While traditional sunscreens help block UV rays, they can't fully prevent skin damage from toxins and free radicals. PhytoCellTec™ Solar Vitis helps protect and maintain the health and function of epidermal stem cells, even under UV stress. This helps minimize skin aging and promote a youthful appearance.

Grape stem cells are extracted from the buds of grapes, known for their resilience and longevity in harsh environmental conditions.

## Benefits:

- Rich in antioxidants and polyphenols, grape stem cells help protect the skin from oxidative damage caused by free radicals.
- They promote skin regeneration, collagen synthesis, and elasticity, leading to firmer, smoother, and more youthful-looking skin.
- Grape stem cells also have anti-inflammatory properties, soothing irritated skin and reducing redness and inflammation.

# BLUE BERRY EXTRECT

Blueberry extract is obtained from the fruit of the *Vaccinium* species, prized for its high concentration of vitamins, minerals, and antioxidants.

## Benefits:

- Blueberry extract is rich in anthocyanins, flavonoids, and vitamin C, which help neutralize free radicals and protect the skin from premature aging.
- It promotes collagen production, improves skin elasticity, and reduces the appearance of wrinkles and fine lines.
- Blueberry extract also has anti-inflammatory properties, calming sensitive or irritated skin, and promoting a clear, radiant complexion.

# ACAI BERRY EXTRECT

Acai berry extract is derived from the fruit of the Acai palm tree, native to the Amazon rainforest.

## Benefits:

- Acai berries are packed with antioxidants, including vitamins A, C, and E, as well as flavonoids and polyphenols, which help combat oxidative stress and protect the skin from environmental damage.
- Acai berry extract promotes skin hydration, elasticity, and firmness, while also reducing inflammation and promoting a healthy, radiant complexion.

# BARLEY GRASS EXTRACT

Barley grass extract is obtained from the young shoots of the barley plant, known for its nutrient-rich composition.

## Benefits:

- Barley grass extract is a potent source of vitamins, minerals, and antioxidants, including vitamins A, C, and E, chlorophyll, and superoxide dismutase (SOD).
- It helps detoxify the skin, reduce inflammation, and promote collagen production, leading to firmer, smoother, and more youthful-looking skin. Barley grass extract also provides deep hydration, nourishment, and protection against environmental stressors.

# CHLORELLA EXTRACT

Chlorella is a single-celled freshwater algae known for its rich nutritional profile and detoxifying properties.

## Benefits:

- Chlorella extract is a nutrient-rich ingredient that offers antioxidant protection, anti-aging benefits, and hydration.
- It helps detoxify, soothe, and repair the skin, while also shielding it from environmental damage.
- Chlorella extract also provides deep hydration, nourishment, and protection against environmental pollutants and UV radiation, resulting in smoother, clearer, and more radiant skin.

# BLACK COHOSH

## A good source of CoQ10

Coenzyme Q10, also known as ubiquinone, is a naturally occurring compound found in every cell of the body, responsible for cellular energy production.

### Benefits:

- CoQ10 plays a crucial role in cellular metabolism and energy production, helping to maintain healthy, youthful-looking skin.
- It is a potent antioxidant that helps neutralize free radicals, reduce oxidative stress, and protect the skin from environmental damage.
- CoQ10 also supports collagen synthesis, improves skin elasticity, and reduces the appearance of wrinkles and fine lines.

# ASTAXANTHIN

Astaxanthin is a carotenoid pigment found in algae, crustaceans, and certain fish species, prized for its potent antioxidant properties.

## Benefits:

- Astaxanthin is one of the most powerful antioxidants known to science, with significantly higher antioxidant activity than vitamin E or beta- carotene.
- It helps protect the skin from UV damage, reduce oxidative stress, and improve skin elasticity and hydration.
- Astaxanthin also has anti- inflammatory properties, soothing irritated skin and promoting a more even skin tone.

# PLANT BASED OMEGA 3,6,9

Omega-3, 6, and 9 are essential fatty acids crucial for overall health. Omega-3, found in fatty fish and seeds, supports heart and brain health.

## Benefits:

- Omega-3, 6, and 9 fatty acids are essential for maintaining overall health.
- Omega-3 supports heart and brain function, Omega-6 helps with skin health and hormone production, and Omega-9 promotes heart health and reduces inflammation.
- Including sources of these fatty acids in your diet can support various bodily functions and contribute to overall well-being.

**Omega-6, abundant in vegetable oils, aids in skin health and hormone production.**

**Omega-9, in foods like olive oil, promotes heart health and reduces inflammation. Balanced intake supports various bodily functions for overall well-being.**

# Gro Cell

## HOW TO USE?

### Gro Cell

#### Instructions:

Take a sachet of Gro-CELL and pour the powder under your tongue. Allow it to sit for 2 to 3 minutes to facilitate absorption. Afterward, drink a sufficient amount of water.

#### ONE USAGE RECOMMENDATION

1 sachet daily empty stomach or As per recommended by the healthcare professional.

#### WHY SUBLINGUAL?

##### Evening:

Repeat the process with another sachet of Gro-CELL , ensuring it dissolves under your tongue.

For optimal efficacy, consume on an empty stomach. Hydrate adequately by drinking plenty of water.

*Sublingual administration offers rapid absorption, bypassing the first-pass effect encountered with traditional oral ingestion, resulting in faster and more effective delivery of the substance into the bloodstream.*

**ISO CERTIFIED**

**HACCP  
CERTIFIED**

**FDA  
CERTIFIED**

**GMP  
CERTIFIED**

**OUR QUALITY  
ASSURANCE**

Gro Cell boasts a robust backing of stringent quality certifications, encompassing FDA, GMP, HACCP, ISO 9001, EFFCI, SGS, HALAL, and NAFARI.

These certifications guarantee the formula's purity and effectiveness, ensuring utmost quality and reliability.

# Gro Cell

## A KEY TO SUCCESS

### Gro Cell: A Breakthrough in Skincare and Wellness

#### Stem Cell Technology

At the core of Gro Cell is a unique stem cell technology that harnesses the rejuvenating properties of stem cells derived from premium-quality green apples grown in Singapore.

#### Synergistic Blend

Gro Cell combines a carefully selected blend of natural ingredients, including antioxidant-rich berries, revitalizing nutrients, and powerful actives, to deliver comprehensive benefits for skin and overall health.

# Powerhouse of Ingredients in Gro Cell

**Berries**  
Antioxidant Rich

**Nutrients**  
Revitalizing

## Apple Stem Cell (Malus Domestica)

The cornerstone of Gro Cell, these stem cells possess unparalleled rejuvenating properties, renewing, repairing, and revitalizing your cells for a youthful, radiant complexion.

## Antioxidant-Rich Berries

Blueberry extract, Acai berry, and red grapes work in tandem to support tissue repair, enhance skin cell regeneration, and provide a powerhouse of vitamins, minerals, and antioxidants.

## Revitalizing Nutrients

Barley grass, Chlorella, and a blend of Omega-3, -6, and -9 fatty acids nourish your body from the inside out, promoting cellular health, detoxification, and overall wellness.
